So grab my arm I'm feeling weightless.  
I can't keep holding my breath-I've got a few things to say.  
It took the best of me to try and write this  
but I kept drawing fire and it burned up the whole page.  
Next thing I knew my room went up in flames.  
Knew it'd take an ocean to extinguish what my thoughts became.  
Took the best of me to even come to your place.  
I can't keep holding my breath- I've got a few things to say.

Like how i wish you were the person that I met last may.  
Days and weeks kept changing, while you kept changing face.  
I guess it's true what they say, "all the world's a stage."  
Yeah, you deserve an Emmy for the shit you put past me.  
Just like every other time,  
I feel like I'm just lying on your front porch.  
Stepped over,  
disregarded- I may as well just be another floorboard.

I pinch your arm, make sure you're still awake.  
We haven't even reached the best part, stay with me.  
Went from everything I loved, to everything I hate.  
Don't pretend we both don't know you've just been fucking with me.  
I pinch your arm, make sure you're still awake.  
We haven't even reached the best part, stay with me.  
Went from everything I loved, to everything I hate.  
Don't pretend we both don't know you've just been fucking with me

So grab my arm I'm feeling weightless,  
held my breath for so long I might just float away.  
So grab my arm I'm feeling weightless,  
held my breath for so long I might just float away  
So grab my arm I'm feeling weightless,  
held my breath for so long I might just float away  
So grab my arm I'm feeling weightless,

held my breath for so long I might just float away

If you knew you would you even stop me?  
You know I keep my problems to myself.  
Is the truth too hard to swallow?  
Or does it go down like a glass of water?  
I can't hold off forever  
but i'm not sure this will make things better  
for you or for me.  
(for you or for me)

I pinch your arm, make sure you're still awake.  
We haven't even reached the best part, stay with me.  
Went from everything I loved, to everything I hate.  
Don't pretend we both don't know you've just been  
fucking with me.  
I pinch your arm, make sure you're still awake.  
We haven't even reached the best part, stay with me.  
Went from everything I loved, to everything I hate.  
Don't pretend we both don't know you've just been  
fucking with me

So grab my arm I'm feeling weightless,  
held my breath for so long I might just float away.  
So grab my arm I'm feeling weightless,  
held my breath for so long I might just float away  
So grab my arm I'm feeling weightless,  
held my breath for so long I might just float away  
So grab my arm I'm feeling weightless,  
held my breath for so long I might just float away
