Karen, Karen, I don't wanna learn to live without you
today you're leaving, and tonight I'm gonna dream
about you...

but the plane is calling and you gotta get going
and I don't know whether you'll be back tomorrow...
so I'll keep smiling, I'll hide the hurting,
I'll ask you baby can I drive you out there...

When you're flying, tell me baby are you thinking of me
I'm not crying but I don't know if you really love me
but the plane is calling and you gotta get going
and I don't know whether you'll be back tomorrow...
so I'll swallow my questions and live for the moment
and the joy we share when we're together...

Every minute, that you're with me's like a happy hour
when you're in it, my life just begins to flower...
but the plane is calling and you gotta get going
and I don't know whether you'll be back tomorrow...
so I'll keep trying and I'll keep hoping
and maybe someday soon there'll be a tomorrow...

My heart is beating, but I sometimes don't know why
without you
I watched you leaving, and I don't why I couldn't stop
you...
yeah your new life is calling and you've gotta get going
and I know you won't be back tomorrow...
but I want you to love me and I want you to touch me,
and I just don't wanna live without you.

Karen, Karen, I'll try to learn to live without you
I'm still grieving, gotta give up all my dreams about
you
yeah the plane is calling and you've gotta get going
and I don't think there'll ever be a tomorrow...
so I'll remember the good times and the things you
taught me
the joy we shared, the joy and the sorrow

Karen, Karen,

the joy and the sorrow,
the dreams of tomorrow
for Karen...
and me....
