Let me give you a formal introduction, one you won't forget.

We have come this far.

Don't get too high, you might not reach the stars.

Let's put this in the past.

Forget what you know.

Moments like this, they don't last.

Don't be scared, you're not alone.

There's so much rage and years of pain behind these eyes.

All this time, you were filled with lies, reaching out to what looks like a helping hand.

It's all spelled out, but you don't understand.

So consequently, I am the one to blame in this mistake.

I wrap myself up in your arms and embrace this characterization of how I wanted this to be.

There's so much rage and years of pain behind these eyes.

All this time, you were filled with lies, reaching out to what looks like a helping hand.

It's all spelled out, but you don't understand.

We are the ones, the ones, who will move you.

You are the ones, the ones, who make this true.

We are the ones, the ones, who will move you.

You are the ones, the ones, who make this true.

We are the ones, the ones, who will move you.

You!

There's so much rage and years of pain behind these eyes.

All this time, you were filled with lies, reaching out to what looks like a helping hand.

It's all spelled out, but you don't understand.

There's so much rage and years of pain behind these eyes.

All this time, you were filled with lies, reaching out to

what looks like a helping hand.
It's all spelled out, but you don't understand.
