Please just dance, dance, dance.

Step one, make your way to the door.
Her heart is racing faster than the ocean shore.
He smiles once as you fall for his charm.
You smile back as you reach for his arm.
Who knows if this night will end in shame?
We both know how to blame this game.

You walk in style as everyone stares.
The moments yours, don't be scared. (x2)

Move in, slowly.
Keep your eyes on these stars.
Girls and boys follow the beat of your heart.
(Please just dance, dance, dance)

Stop, drop.
Move away from them.
This place isn't big enough for the both of us.
So, drop that scene and live in this dream.
You stare at figures looking back at you.
You run your fingers through her hair, so smooth.

Reflections paint a smile like you want them.
We're poised and ready.
Are you ready? (x2)

Move in, slowly.
Keep your eyes on these stars.
Girls and boys follow the beat of your heart.
(Please just dance, dance, dance) (x2)

Save yourself, girl.
Don't give it up.
Don't give it up, tonight.
Save yourself, girl.
Don't give it up.
You're not giving it up, tonight. (x3)

Move in, slowly.

Keep your eyes on these stars.
Girls and boys follow the beat of your heart.
(Please just dance, dance, dance) (x2)

Save yourself, girl.
Don't give it up.
Don't give it up, tonight.
