Come on and dance, come on and dance
Do you wanna dance?

Juicy to the left, juicy to the right
It's all about the funky dance party tonight
Juicy to the left, juicy to the right
It's all about the funky dance party tonight

Allright, have a good time tonight, alright, it's alright
It's alright, have a good time tonight, let's party, all
night

Do you wanna party? Yeah, do you wanna dance? Yeah
Do you wanna do it? Yeah, c'mon get it goin', yeah

Let's jump it and hump it and pump a party non stop
Just dump your grump and stomp it all around the clock

Do you wanna party? Yeah, do you wanna dance? Yeah
Do you wanna do it? Yeah, c'mon get into it, yeah

Somebody in the house say ho, ho
Everybody say yo, yo, scream
Let's go

Allright, have a good time tonight, alright, it's alright
It's alright, have a good time tonight, let's party, all
night
Allright, have a good time tonight, alright, it's alright
It's alright, have a good time tonight, let's party, all
night

What you wanna do? What you wanna be?
What you wanna do? Come boy, shake your pants
What you wanna do? Who you wanna be?
What you wanna do?

Do you wanna party? Yeah, do you wanna dance? Yeah
Do you wanna do it? Yeah, c'mon get into it, yeah

Let's jump it and hump it and pump a party non stop
Just dump your grump and stomp it all around the clock

Allright, have a good time tonight, allright, it's allright
it's allright, have a good time tonight, let's party, all
night

Allright, have a good time tonight, allright, it's allright
It's allright, have a good time tonight, let's party, all
night

Juicy to the left, juicy to the right
It's all about the funky dance party tonight
Everybody sing, juicy to the left, juicy to the right
It's all about the funky dance party tonight

Come on then
Put your hands in the air, bring your good look derriere
Juicy to the left, juicy to the right
Come on then
Put your hands in the air, bring your little derriere
Juicy to the left, juicy to the right, it's allright

Allright, allright, allright
Allright, have a good time tonight, allright, it's allright
It's allright, have a good time tonight, let's party, all
night
Allright, have a good time tonight, allright, it's allright
It's allright, have a good time tonight, let's party, all
night
