I was the one for you, you were the one for me  
Either it wasn't true and our love simply wasn't meant  
to be  
Or did I misunderstand? Did you say that I'm too  
demandin'?  
I had to hear it from one of your friends and  
That's where my love ended

Was I misunderstood or maybe baby my love was no  
good?  
I had to hear it from one of your friends and  
That's where my love ended

I loved you and no one else but you left me by myself  
Cold and lonely, oh so lonely

Stood me up and let me down  
Then you took your love to town  
Why you leave me?

Ho, oh, you know I loved you so  
Why did you let me go?  
Ho, woh, you know I loved you so  
Why did you let me go, ho?

You never, ever, gave me no damn reason  
Why we had shared true love for eight seasons  
Then maybe again ain't no reason needed  
The damage is done and both our hearts bled  
Hurt she was, thought I was forgiven  
I don't think you know how far you have driven me  
'Cause when I really realized my love  
Found yourself a girl and then off you ran  
You were my man, I thought at first hand  
And believe me, I really did all I can  
My heart overcame the hurt it was under  
But still today my mind has to wonder

I loved you and no one else but you left me by myself  
Cold and lonely, oh so lonely

Stood me up and let me down

Then you took your love to town  
Why you leave me?

Ho, oh, you know I loved you so  
Why did you let me go?  
Ho, woh, you know I loved you so  
Why did you let me go, ho?

You never, ever, gave me one good reason  
Why we had shared true love for eight seasons  
Then maybe again ain't no reason needed  
The damage is done and both our hearts bled  
Hurt she was, did all I took to be forgiven  
I don't think you know how far you have driven me  
'Cause when I really realized my love  
Found yourself a girl and then off you ran  
You were my man, I thought at first hand  
And believe me, I really did all I can  
My heart's about to storm and then thunder  
But still today my mind has to wonder

I was the one for you  
You were the one for me  
Either it didn't do  
Or my feelings was not meant to see

Or was I misunderstood  
Or maybe, baby my love was no good  
If that's the case, I hope you found better  
Give my regards for I am Ms.[Incomprehensible]

I loved you and no one else  
But you left me by myself  
Cold and lonely, oh so lonely

Stood me up and let me down  
Then you took your love to town  
Why you leave me?  
Why you leave me?

Love is breezy, love is like the wind come and go  
I know, I know  
So take it easy, take nice and take it slow

(Ho, ho)  
I loved you and no one else  
But you left me by myself  
Cold and lonely, oh so lonely

Stood me up and let me down  
Then you took your love to town

Why you leave me?

Ho, oh, you know I loved you so

Why did you let me go?

Ho, woh, you know I loved you so

Why did you let me go, ho?
