Now, now, now

Now once upon a time IN THE WEST

Mad man lost his DAMN MIND in the West

Loveless, KIDNAP A DIME, nuttin less

Now I must, PUT HIS BEHIND TO THE TEST [S: Can you
feel me?]

Then through the shadows, in the saddle, ready for
battle

Bring all your boys in, here come the poison

Behind my back, all that riffin ya did

Front and center, now where your lip at kid? [S: Lookin
at me!]

Who dat is? A mean brother, bad for your health

Lookin damn good though, if I could say it myself

Told me Loveless is a mad man, but I don't fear that

He got mad weapons too? Ain't tryin to hear that

Tryin to bring down me, THE CHAMPION?

When y'all clowns gon' see that it CAN'T BE DONE

Understand me son, I'm the slickest they is

I'm the quickest they is [S: Yeahhhhhhhhhhhh]

Did I say I'm the slickest they is?

So if you barkin up the, wrong tree we comin

Don't be startin nuttin, me and my partner gonna
test your chest, Loveless

Can't stand the heat, then get out the Wild, Wild, West
