Never kid yourself
Never were, never will be shit to me
Fucking worthless

You are nothing
Nothing more than a common whore
You're dead inside
This is nothing
When will you learn your lesson
Mother fucker

Day to day
Waking up
I look in the mirror
For my vengeance

You can't change this
Cause i'll will always be
Above you

You are nothing
Nothing more than a common whore
You're dead inside
This is nothing
When will you learn your lesson
Mother fucker

(?)

Step off

You are nothing
