Its just the nicotine thats coming over me
or is it anything more than a smoke screen
Cuz it feels like, you've been living a lie
You're lookin better than, than you ever did
nothing's better than, than you wanna say
I've been waitin, but I've been losing my, losing my
mind

I gotta take the car for a long drive
I'm gonna get out, I'll committ myself,
I don't know how you do what you do(do do do do do)
well, I gotta take the plane for a long ride
I'm gonna get out, I'll committ myself
I won't believe a word that you say

And all the cigarretts are gettin better yet
I just can't forget all the other shit
I know your bad to me, that's just fine
But you cant sleep, you're layin next to me,
sayin everything, sayin everything
That you would do, if you could just open your eyes,
open your eyes

I gotta take the car for a long drive
I'm gonna get out, I'll committ myself,
I don't know how you do what you do(do do do do do)
well, I gotta take the plane for a long ride
I'm gonna get out, I'll committ myself
I won't believe a thing that you, a thing that you, a thing
that you say

Oh you look so, so skin, and thin, and bone
and oh oh you look so, so, so, so

I know it doesn't end, it just gets better yet
I don't wanna wait, cuz I can't think about
what ya never did, what ya never did
What you would, what it, wait would you, go what you say

I gotta take the car for a long drive
I'm gonna get out, and I'll committ myself,

I don't know how you, you do what you, do what you do
what you do
well, I gotta take the plane for a long ride
I'm gonna get out, and I'll committ myself
I won't believe a thing that you say, ya, ya
