So here we are, another star with out a car - you're  
gonna make it  
Each bit of rot to its own slot, the cheapest shot was  
saying I faked it  
And if that's all you make of your time  
Then I'm not wasting any more explaining what I've  
made of mine  
You better walk around, 'cause no one's gonna drive  
you  
Walk around, 'cause no one's gonna drive you  
Walk around, 'cause no one's gonna drive you home

So many shows, you've been below enough to know  
you shouldn't think it  
Excalibur or your guitar? Do you think you are the  
Queen of England?  
And your crying won't make you a dime  
It's just like any other job where there gonna pay you  
for your time  
You better walk around, 'cause no one's gonna drive  
you  
Walk around, 'cause no one's gonna drive you  
Walk around, 'cause no one's gonna drive you home

I'm not impressed with your desire to be the biggest in  
the bowl  
You'll still just be a little shit in a world that's just a big  
shit hole

So, you better walk around, 'cause no one's gonna  
drive you  
Walk around, 'cause no one's gonna drive you  
Walk around, 'cause no one's gonna drive you home
