Shocking news in the early morning
I first thought they were all joking
Couldn't imagine that from you
I have to realize it's true

All your life dedicated to sport
For all your fans you were such a comfort
Now it all ended up as a tragedy
When you decided to kill your whole family

What went through your head?
Why did you choose death?
Where all of this has led?

Jordan was only six years old
When you took away his innocent soul
And what about your beautiful wife
Without remorse you put an end to her life

What went through your head?
Why did you choose death?
Where all of this has led?

A gun on the steps, drawings on the floor
That's what I see when I open your door
Blood on your hands, Drugs in your brain
That's what makes you becoming so insane

This whole song is based on a true story
From a happy start to a lifeless body
This is based on a damn real autopsy
And will always remain a controversy

What went through your head?
Why did you choose death?
Where all of this has led?
