(Bury me, bury me, go 'head and cemetery me)x2

(Lecrae):

Hey go'n 'head and bury me  
Tell 'em cemetery me  
Six feet, six deep  
Tell 'em they can carry me

Look inside my coffin  
You see anger you see malice  
See lust on top of lust a blackened heart that's cold and  
calloused

Dark thoughts, ways, heart, dark forces  
The Nights darker than a Bruce Wayne endorsement  
Snitchin': on my heart (heart), cardiac arrest  
Spirit came and gave my filthy cardiac a rest

I was dead to God, sin headlong  
Wasn't ready to die, but I was dead wrong  
Now I'm dead and gone, me and my old ways  
Even my foreign rights would take me back the wrong  
way

And no way, I ain't going back  
Fill my pillowcase with dirt and let me take a nap  
(sleep),  
Put my sin to sleep, execute my flesh  
Tell my worldliness to lay it down and take a rest

Hook x2

The old me is dead  
I ain't never comin' back  
So go and get my coffin and suit up in all black  
I promise you can (bury me)  
Hey go ahead and (bury me)  
If you wanna you can (bury me)  
I'm dead and gone so (bury me)

(Tedashii):

Okay, you can bury me  
Go'n 'head and bury me  
Sinner from beginner  
So my wages cemetery me

Try to do good, gave my all just like a charity  
But good works like a casket they just box me in and  
bury me  
Found life in the Word, minus Webster's Dictionary  
Now I tell the story of my life in death and thats  
obituary  
Life ain't over but it's already gone  
Now your boy crossed over but I'm already home

Hey somebody call my momma, go get her on the  
phone  
Tell her Jesus rose up and showed up  
Hold up, her baby gone

See everybody pass, life on this earth won't last  
These cats'll take your lights and turn em off, Teddy  
Pendergrass  
I know who keeps them breathing  
Know Him because I believe Him  
He bled for sin and died for men who daily choose to  
leave him

They deserve death and I was one of 'em baby  
But He saved me and He'll raise me  
So please believe me I die daily

Hook x2

(Lecrae):  
I'm a loser you a go-getter  
I lost that girl, homie you can go get her  
I don't recommend that, I did that  
Gave her my all, let me tell what she gives back

(What?) Death, I promise I'm so dead already  
He changed my batteries and now your boy forever  
ready  
I'm ever ready  
When He get back  
Looked death in the face and told it 'Sit back'

(Tedashii):  
Now go'n and sit back  
This life forever fleeting  
I know you don't believe me  
It's deceiving we still breathing

To perceive it can take a life  
Like playin' with metal toys  
Never make sense like your mind's playin' tricks:  
ghetto boys

Unless you seek the Lord, and His divine plan  
Then you just watchin' time pass tryin' to rewind sand

The hourglass tickin'  
I'm okay I'm in position  
Dead to me, alive in Christ  
Bury me, watch me livin'

Hook x2
