Eight Inch B
And W Sylvania
Dirty piece of tinfoil makes a good antenna
Mint shag and a harvest gold recliner
Custom detailed trailer
Make this year keep a holding pattern
Pretty girl astronomer she's looking up at Saturn
Win her brother over with a 'gansette
Please let me keep my teeth
I'll redo the tie rods you're composing at your mac
We'll rent "Aliens" and kill the sound for Back in Black

Trampoline
Above the tops of evergreens
I miss you the most, trampoline
Beyond the campers to the sea, Springfield and
beyond

Maybe you should start to think of leaving
Don't forget your autographs of
Joe and Brad and Steve
I get jealous every time I see 'em
Sharpie love letters to you

You'll be a telemarketer but only for a while
Brush up at the green mill
Read the elements of style

Trampoline
Above the tops of evergreens
I miss you the most, trampoline
Beyond the campers to the sea, Springfield and
beyond
