And as we get older  
People grow colder, people get strange  
Sometimes I find myself  
Caught between the middle of things

If you'll be my angel  
I'll be your everything together we'll change  
I'll stick to my reasons and make sure you're okay  
Connected and all right, tonight

I'll be the one to set you free  
If you'll always be my girl  
You're the one and only thing I need

You'll be the one to set me free  
'Cause you'll always be my girl  
You're the one and only thing that I, I need

Nobody told her  
People get older, things become strange  
As time passes by my window  
I notice things never stay the same

I'll be your angel  
I'll be your everything together we'll change  
I'll stick to my reasons make sure you're okay  
Connected and all right, tonight

And I'll be the one to set you free  
If you'll always be my girl  
You're the one and only thing I need

You'll be the one to set me free  
'Cause you'll always be my girl  
You're the one and only thing I need, all right

We can get older  
But don't let me get colder  
You don't have to worry 'cause the happy child will

I'll be the one to set you free  
If you'll always be my girl

You're the one and only thing that I need

I'll be the one to set you free  
If you'll always be my girl  
You're the one and only thing I need that I

I'll be the one thing that you need  
If you'll always be my girl  
You're the one and only thing that I need
