Teddy Geiger
"Gentleman"

I was blinded by the lights
I saw the reflecting in their eyes
It blinded me from the sea
Of everybody's smiles
And I was young and best
So I'd thought I'd test the night
Yeah I thought that we can leave before the lights fell
down
I wasn't listening
So carry on young young gentleman
I have done all that I can
I have done all that I'll stand for..
Carry on young young gentleman
I have done all that I can
I have done all that I'll stand for..
We left after dark, the sun had fallen for the moon and
all the moments race
It's going way tot fast its way tot soon
So I sat alone
Just for a moment they came back and now I'm stuck
right here
Reeling in the slack now from my previous nights

So carry on young young gentleman
I have done all that I can
I have done all that I'll stand for..

Carry on young young gentleman
I have done all that I can
I have done all that I'll stand for..

Deliver me now from everything we should not do..
It's so unpredictable
But still you know just what your gonna do
And even no more is there for flag
Something is different even though it's hard to meet
that it wasn't listening

So carry on young young gentleman
I have done all that I can
I have done all that I'll stand for..
Carry on young young gentleman

I have done all that I can
I have done all that I'll stand for..

I stand for something
I stand for something
I will stand for something yeah
So carry on young young gentleman
I have done all that I can
I have done all that I'll stand for, yeah
