Minutes turn into hours,
And hours bleed into days.
It's been years since the trouble you left me,
And i want to say,

I'm so bitter,
But I've seen better days.
I'm so bitter,
Is it the better man that always walk away?

No phone call or even a letter.
No words to cause me any pain.
Its been years now since anything could hurt me.
Through this life. I faked my way.
I'm so bitter,
But I've seen better days.
I'm so bitter,
Is it the better man that always walks away?
Watch me walk away.

I'm so bitter,
But I've seen better days.
I'm so bitter,
I'll be the better man,
Watch me walk away.

I'm so bitter,
Watch me walk away.

I'm so bitter,
Watch me walk away.
