First thing I remember  
I was standing in my apartment  
Saying where do I go from here?  
Next thing I recall  
It didn't matter much at all  
So I said what's wrong with being here?

And every day's another chance  
To take a leap of faith

Why not jump!  
Love is not gonna get you here at all  
Baby I've been waiting  
And I'm falling for you more and more  
So jump!  
And I'll be there to catch you if you fall  
Baby I've been waiting  
And I'm falling for you more and more so

What's the point in faith  
If I keep it locked inside a safe  
That can't be fun at all

And every day's another chance  
To take a leap of faith

Why not jump!  
Love is not gonna get you here at all  
Baby I've been waiting  
And I'm falling for you more and more  
So jump!  
And I'll be there to catch you if you fall  
Baby I've been waiting  
And I'm falling for you more and more so

If you don't believe me  
Why don't you ask your friends  
Why don't you ask your friends  
Oh, why don't you jump  
And say what's in my brain  
I love you

I love you

Oh and we are have we used to find truth  
To find truth

Why not jump!  
Love is not gonna get you here at all  
Baby I've been waiting  
And I'm falling for you more and more  
So jump!  
And I'll be there to catch you if you fall  
Baby I've been waiting  
And I'm falling for you more and more so  
Jump!
