You walked right past again
your steps just stole my wind
well i try to talk to you
but i couldn't catch my breath

you're my inner pain
don't know who i am
do i have to make you see
where what's inside of me
out on my sleeve
so i can finally breathe

cuz i can't breathe

did i catch your eye this time (did i catch your eye)
or are you just staring in line
(i was staring)
well i try to help you see
i'll make you notice me

you're my inner pain
don't know who i am
do i have to make you see
where what's inside of me
out on my sleeve
so i can finally breathe
cuz i can't breathe

cuz i can't breathe
no i can't breathe
cuz i can't breathe (no) x2
i can't breathe

no no i can't breathe
no i can't breathe

i can't breathe
