I'm walking on clouds now
And the sky is falling on down
I don't wanna wake up if I'm dreaming
Don't think I'll ever get out of my bed
It's like every moment brings a surprise
But my eyes won't open
I feel something's different
I'm growing out of my skin

Goodbye my fears
I feel that we have parted
The possibilities keep walking in on me
And it feels so strange
But I guess that's change
It's alright
The possibilities keep walking in on me

I always said that I needed a girl
One to hold and who I'd give the world
Well that's alright, but it's so hard to decide, yeah
Sometimes, I find pictures of me left behind
Things in life happen twice
The first time's in my mind

Goodbye my fears
I feel that we have parted
The possibilities keep walking in on me
It feels so strange
But I guess that's change
It's alright
Cause possibilities keep walking in on me
Yeah, yeah

And sometimes I can't
And sometimes I can't
And sometimes I can't
See what's right in front of my eyes
And sometimes I can't
And sometimes I can't
And sometimes I can't
Believe what I believe

Goodbye my fears
I feel that we have parted
These possibilities, yeah
It feels so strange
It feels so strange
But it's alright

Goodbye my fears
I feel that we have parted
Possibilities keep walking in on me
It feels so strange
It's alright
These possibilities keep walking in on me
Goodbye my fears
Goodbye my fears
I'm not afraid
It's alright
Anything is possible, yeah
