I broke down and let them save you  
Oh, and the car pulled out the driveway  
Wave goodbye, it's been so long  
You took that medicine they gave you  
Oh, are you felling any better?  
Cuz it's looking like you aren't  
Since they took you away  
I've been thinking and I've got a lot to say

Chorus:

I brought a picture of us  
Do you remember when we used to get together,  
Hold hands, and say forever baby?  
How could we get back to that place?  
I said I didn't but I, I really missed ya  
All the things in my life  
Every one of them reminds me of you  
Well I'll never get back  
These memories and photographs  
Maybe it's just better I remember these pictures  
So much sweeter than the truth

Without you anger's lost its flavor  
Oh, no more yelling, no more fighting  
So I leave the T.V. on  
With no pay-per-view or cable  
Sings as sweetly as my baby  
Oh I miss it everyday  
Since they took you away  
I've been waiting just to hear you say my name

Chorus:

I brought a picture of us  
Do you remember when we used to get together,  
Hold hands, and say forever baby?  
How could we get back to that place?  
I said I didn't but I, I really missed ya  
All the things in my life  
Every one of them reminds me of you  
We'll never get back  
These memories and photographs  
Maybe it's just better I remember these pictures  
So much sweeter than the truth

So many nights, so many days away  
And I thought life without you would be easy living  
Chorus:  
I brought a picture of us  
Do you remember when we used to get together,  
Hold hands, and say forever baby?  
Well, how could we get back to that place?  
I said I didn't but I, I really missed ya  
All the things in my life  
Every one of them reminds me of you  
Well we'll never get back  
These memories and photographs  
Maybe it's just better I remember these pictures  
So much sweeter than the truth
