Even on this rotten Earth (It is dying)  
Day is the sun's light (Full of deception)  
Night is the moon and stars (Foolish struggle)  
The means of the humans' last struggle

With my magic, the Earth and all (A black storm)  
I will confine them in darkness (When it rages)  
It's destruction is now (Be destroyed)  
I won't repeat the same mistake

Crush the light! Crush crush crush!  
It is darkness that is beautiful  
Our evil queen, darkness is beautiful

Fight now! Don't scorn it (Weep! Weaken!)  
People hate each other (Hate, enmity)  
As long as hearts exist (Thrive in darkness)  
It is the fate of the energy of our darkness, but

Crush the light! Crush crush crush!  
It is darkness that is the beginning  
Our evil queen, darkness is the beginning

Crush the light! Crush crush crush!  
It is darkness that is beautiful  
Our evil queen, darkness is beautiful
