Everybody knows us
We're always where it's at
Everyone needs us
Wants to join our gang
We know how 'cause without a thing
We know where the in-crowd is
We're the guys to see you right if you wanna
Set the night alive

(Hey! Everybody 1-2,1-2-3-4 ahh)
Hip Teens don't wear blue jeans
'Cause we're cool cats
We got soul
Hip Teens don't wear blue jeans
'Cause we're the in-crowd on the scene

If you wanna join us there is a few simple rules
You need the right lovin'
'Cause we don't suffer the rules
I turn on back
That's where it goes
High heels, sneakers, pointet toase
Many skirts and jazzy boots
The smartest boys in the velvet suits

Repeat chorus (2 times)
