One of these days when things get bad
I will take you by the hand
And I will kiss the pain away
And I will make it all okay
One of these days

One of these nights when you get scared
Oh, be sure I will be there
By your side, in the dark
I will turn your fear to calm, yeah
One of these days

No one's ever going to hurt you
Oh, don't I wish that could be true
No one's ever gonna love you like I do
Oh, like I do

Through the years, love will grow
And I'll be scared to let you go
Out of sight, in my mind
You are there all the time
Yeah, one of these days

No one's ever going to hurt you
Oh, I wish that could be true
No one's ever gonna love you like I do
Yeah, like I do, oh, like I do
