[Originally by R.E.M.]

Hello, I saw you, I know you, I knew you
I think I can remember your name (name)
Hello, I'm sorry, I lost myself
I think I thought you were someone else

Should we talk about the weather? (hi, hi, hi)
Should we talk about the government? (hi, hi, hi, hi)

Hello, I saw you, I know you, I knew you
I think I can remember your name (name)
Hello, I'm sorry, I lost myself
I think I thought you were someone else

Should we talk about the weather? (hi, hi, hi)
Should we talk about the government? (hi, hi, hi, hi)

Hello, my friend, are you visible today?
You know I never knew that it could be so strange (so
strange)
Hello, I'm sorry, I lost myself
I think I thought you were someone else

Should we talk about the weather? (hi, hi, hi)
Should we talk about the government? (hi, hi, hi, hi)
