This one's for you
Is there a problem with how I behave?
You can't help but notice
Your affections the one thing I crave
Flying high, take your shot
Are you impressed with the person I'm not
You took the time to notice
Time (I won't waste it)
Won't waste (so i'll spend it)
My Time (time is better shared)
With you
We are we are
Taking all we can
We are we are
Caught up now
And I won't answer to the questions you pose
Don't ever say
Take it slow
The way it's meant to be
You'll tear me in two
Just let me know where I went wrong
Silence makes great conversation
I take it you knew all along
Passing time seems so dull
When you're gone time goes so slow
There's always something missing
Time (I won't waste it)
Won't waste (so i'll spend it)
My Time (time is better shared)
With you
We are we are
Taking all we can
We are we are
Caught up now
And I won't answer to the questions you pose
Don't ever say
Take off your clothes
What you do
To capture some serenity
Takes its toll
And lowers your integrity

Get your kicks and see if you remember him
Count your sticks, there pushed into my back again
There pushed into my back
Again
We are we are
We are we are
We are we are
Caught up now
We are we are
