Tonight in particular, I love the momentum of
The way we vibing
Each kiss so tenderly, wont somebody pray for me
Cause I think Im going down

As the smoke fills up the room
And the red wine flows
The deeper I get into you
That I wanna let it go

[Chorus]

But how do we know, how do we know
How do we know this cant be love
how do we know, how do we know
How do we know this cant be love
I wanna be sure, that I dont care at all
Cause boy right now this feels like love

The more you dim the lights the more that I realize
That there aint no use in fronting
I got the need to feed and you got the need to please
Baby we just could do something
Cause this would be for our lifetime
But I cant get caught up with that
Cause Ive been waiting my whole life
Tonight I just cant hold it back

[Chorus]

But how do we know, how do we know
How do we know this cant be love
how do we know, how do we know
How do we know this cant be love
I wanna be sure, that I dont care at all
Cause boy right now this feels like love

At times, I wonder, I want you
I want you, I want you
In the morning, when I wake and bake
I want you, I want you
I dont wanna think no more
I dont wanna wait, wait

I dont wanna wonder
I just wanna do all the things we do
Late at night and my thoughts of you
I just wanna do all the things to do
In my mind
Just you and I, and I dont wanna think no more
I dont wanna wonder, I dont wanna wait, baby
I dont wanna think about you
I wanna, I wanna make love to you
I just wanna make love
Dont you want to?
