Two, three, four...ah
We can dance if you wanna
Romance, if you wanna
We can even take that chance if you wanna
But if you want it and you really think you gonna
You have to get it right

First round draft choice, ain't no contender boy
I get inside your head, so now your mind's blown
Thinking about me all the time, you're calling just to
say
You think I'm cool as shit you wanna be worth it!
Baby babe, if you really want my love,
You can have all that you want!
But what makes you so, what makes you so different
You so different, boy, from the rest

Chorus:
Can you show me that
This is my invitation to love
You can have all that you want!
This is my, my invitation,
But if you can't provide it,
Then you're uninvited to my love!
This is my invitation to love
You can have all that you want!
This is my, my invitation,
But if you can't provide it,
Then you're uninvited to my love!

My love can be the balance
Cold your summers, warm your winters,
My love is 365, January to December!
I offer my love, if you think you can handle it,
Swear if you can get it right, my love can be a
paradise!
My love can be a Paradise!
If you can get it right, it would be so nice!
My love can be your Paradise!
My love supreme, make me the only one in your team!

Chorus:
To my love,
This is my, my invitation to love, to love, baby!
This is my, my invitation to love, to love, baby!
But if you can't provide it,
Then you're uninvited to my love!
My, my invitation, this is all that you want!
This is my, my invitation
If you can't provide it,
Then you're uninvited to my love!
