When I feel the (feel the) raindrops
I just can't maintain
No way (no way yeah)
You give me kisses so sweetly
You pull me closer
In your arms deeper the feeling's much stronger
I melt inside
You make my love come down

You make the raindrops fall
Sugar sweet raindrops
You make the raindrops fall
Sugar sweet
It's a feeling I can't deny
Boy you make me melt inside

Fall
Sugar sweet raindrops
You make the raindrops fall
Fall

It feels like
Drip drip drip drop
Drip I don't wanna stop
You make it feel so good
You make it feel so so so good
So good (yeah)
Yeah yeah yeah

Drip drip drip drop
Drip I don't wanna stop
You make it feel so good
You make it feel so so so good
Yeah yeah yeah

Feel the raindrops
I just can't maintain
No way
You give me kisses so sweet
