

## Teedra Moses "You'll Never Find"

Visit "[You'll Never Find](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Oh cat daddy...

[Verse 1]

Tell me what you know about, tell me what you know about.

(You and me 2gether)

Loving, so sweet, no beef, just us 2

Tell me what you know about, tell me what you know about

(Love through any weather)

Fuss, fight, put you out, take you back cuz baby it's a  
(Ghetto love affair, Ghetto love affair, Ghetto love affair)

Tell me what you know about your man huggin' blocks,  
all night

When he should be home huggin you..

Ooh, ooh, ooh, ooh

(Tell me what you know about a hustle can do)

To true love

[Chorus]

You'll never find a better woman or a bigger fool

Tell me what you know about breaking up and getting  
back 2gether

You'll never find a better woman or a bigger fool

Tell me what you know about, what you know about  
love.

Oh cat daddy..

[Verse 2]

(But when the \$ and the fame came)

Could it really ever change, all you wanna do is grind.

Why can't we spend some time.

(You're unfaithful with my lovin')

Oh.. and this \$ don't mean nothing.

We keep going round and round and baby it's a

(Ghetto love affair, Ghetto love affair, Ghetto love affair)

Tell me what you know about your man  
Giving gifts to compensate for his shit  
Oh (Tell me if you what a hustle can do)  
I'm telling you, oh you'll never find

[Chorus]

[Jadakiss]  
You doing some mean frontin'  
When I give you a token of my appreciation now it don't  
mean nothing  
I wouldn't call it hateful, it's ungrateful  
Ma I put you on the map molded and shaped you  
You supposed ti thug it out instead you buggin' out  
If that's what loves about I ain't with that  
If I didn't wanna be with you I would've just hit that  
And never call back  
That's my word don't forget that  
You know what never mind  
And it's always your fault never mind  
Pick a better line  
Cuz I don't know nothin bout us gettin back together  
again  
Boo never agin  
Maybe I shouldn't say never  
But in due time I hope I find something better

[Chorus]
