They're two lovers in the night  
Waiting on the sun to rise  
Passing ships into the night  
Under different skies

But you just whisper what you said  
One last time  
I could have sworn I heard you say  
That you are mine

Faded flowers in your hand  
The best that I could do  
It's the only way I've had  
Of reaching you

I never saw it like you did  
Didn't know that it was there  
You don't see it in your hand  
It's in the air

Be the one and only, wait for me  
Will you be the only one  
Will you be, be the one and only  
Wait for me, will you be the only one

What if I knew how to yell  
What would I pray  
What if I knew how to tell  
What would I say

I will be the only one  
If you say you'll never go  
I'll be screaming out your name  
From the back row

Be the one and only, wait for me  
Will you be the only one  
Will you be, be the one and only  
Wait for me; let me be your only one

Be the one, be the one and only

Wait for me; let me be your only one  
Will you be, be the one and only  
Wait for me; let me be your only one
