Do not get me wrong
I cannot wait
For you to come home
For now you're not here
And I'm not there
It's like we're on our own

To figure it out
Consider how
To find a place to stand
Instead of walking away
And instead of
Nowhere to land

This is going to
Break me clean in two
This is going to
Bring me close to you

She is everything I need
That I never knew I wanted
She is everything I want
That I never knew I needed

It's all up in the air
And we stand still
To see what comes back down
I don't know where it is
I don't know when
But I want you around

When it falls in place
With you and I
We go from if to when
Your side and mine
Are both behind
It's indication

This is going to
Bring me clarity
This'll take the

Heart right out of me

She is everything I need
That I never knew I wanted
She is everything I want
That I never knew I needed

This is going to
Bring me to my knees
I just want to
Hold you close to me

She is everything I need
That I never knew I wanted
She is everything I want
That I never knew I needed
