Looking for something I've never seen.
Alone and I'm in between,
The place that I'm from and,
The place that I'm in;
A city I've never been.
But I found a friend or should I say a foe?
Said there's a few things you should know.
We don't want you to see.
We come and we go.
Here today, gone tomorrow.

We're only taking turns,
Holding this world.
It's how it's always been.
When you're older, you will understand.

If I say who I know it just goes to show,
You need me less than I need you.
But take it from me,
We don't give sympathy.
You can trust me, trust nobody.
But I said you and me,
We don't have honesty.
The things we don't want to speak.
I'll try to get out but I never will.
This traffic is perfectly still.

We're only taking turns,
Holding this world.
It's how it's always been.
When you're older, you will understand.

And again maybe you don't.
And again maybe you won't.

When you're older,
You might understand.
When you're older,
You might understand.
