You move my mind to you, my thoughts distracted by
your face

You move my mind to you, memories filled when I'm
with you

There's no need to wait, no need to wait
No need to wait, no need to wait
No need to wait, no need to wait
Go where you want to

No need to wait, no need to wait
No need to wait, no need to wait
No need to wait, no need to wait
Go where you want to

Go where you want to, where you want to
Go where you want to, take me there with you
Go where you want to, where you want to
Go where you want to, take me there with you

You walked right in my sight, that's my invite to follow
you
I'm dreaming of you, dreaming of you, dreaming of
you today

There's no need to wait, no need to wait
No need to wait, no need to wait
No need to wait, no need to wait
Go where you want to

No need to wait, no need to wait
No need to wait, no need to wait
No need to wait, no need to wait
Go where you want to

Go where you want to, where you want to
Go where you want to, take me there with you
Go where you want to, where you want to
Go where you want to, take me there with you

Come in close to me, come in close

Go where you want to, where you want to
Go where you want to, take me there with you
Go where you want to, where you want to
Go where you want to, take me there with you
