In the bitter violet night  
the stars wear sour grins  
in the vastness of the black sky  
I'm cradled in your arms  
unbridled by alarm  
'cos I know the end is night

chorus  
It's all over bar the shoutin'  
one things for sure  
its all over now  
its all over now

Confusion wonders in  
strides the evening like a king  
chaos and turmoil prevail  
bedlam reigns, hope is drowned  
ah but strangly we settle down  
resigned to the sinking ship on which we sail

chorus

Our love's just smithereens  
too much beer in my head  
another night is getting late  
and I don't know where to go  
there's just this long white road  
and I can't think straight  
No I can't think straight chorus
