Morning
Sit in the morning sun
Evening
Watching the shadow come
Through the bright streets of London
I feel the rain
Pull my skin as I wonder
At the spell that I'm under
Magdalen
Since you came along

Meet me with your arms of snow and
Meet me with your mouth undone
I'm burning up from head to toe yeah
Magdalena, when you're gone

Dreaming
We're drinking the night away
Talking
Way past the break of day
Through the bright streets of London
I feel the rain
Pull my skin as I wonder
At the spell that I'm under
Magdalen
Since you came along

Meet me with your arms of snow and
Meet me with your mouth undone
I'm burning up from head to toe yeah
Magdalena, when you're gone

Nananananananananana
Nananananananananana na na

Meet me with your arms of snow and
Meet me with your mouth undone
I'm burning up from head to toe yeah
Magdalena, when you're gone

Chorus
