Time for your reflection  
What's the promise you have made?  
Destruction of your pride  
And reconstruction of my name  
You betrayed me where's your bravery?  
Now you face your doom  
Your fate will be traced by the spear  
That went tearing through

When you hear the Winds Of Revenge

All the distance and chains  
You put around my damned soul  
Right now it's all finished  
I'm just building your new world  
While you navigate in peace  
And glance at lands you will control  
Bewitched you cannot see the route  
And Hell where you will go

When you hear the winds of revenge  
You will see the goddess crying  
And the boats you sink and now  
you play my secret game  
Arising Thunder!  
Welcome to me, you fall alone  
Stand up and face me in a fight  
Drowning in tears deep in the storm  
Once again, once again!

Go!

Look out!

When you hear the winds of revenge  
You will see the goddess crying  
And the boats you sink and now  
you play my secret game

Arising Thunder!  
Welcome to me, you fall alone  
Stand up and face me in a fight

Drowning in tears deep in the storm  
Once again,  
Push!  
Once again!
