Speed, run the thoughts inside your brain  
Try to catch them once  
And you'll be alone  
There's nowhere to go

Speed, all the memories will come  
Try to make them live  
And you'll get so lost  
From the present to the past

With speed we go  
But still don't know  
What's hidden in there  
Our time is over!

Speed, like a thunderbolt  
The future will take its place  
Then could you stop time  
Perhaps when you die?

With speed we go  
But still don't know  
What's hidden in there  
Our time is over!

Faster than light we will find  
A way out of the conscience  
And the more we know, more we'll mind  
It's the matter of patience,  
Always... oh

[Instrumental]

With speed we go  
But still don't know  
What's hidden in there  
Our time is over!

Faster than light we will find  
A way out of the conscience  
And more we know, more we'll mind  
It's the matter of patience,

Always

Faster than light we will find  
A way out of the conscience  
And more we know, more we'll mind  
It's the matter of patience,  
Always... Oooooohhh!!!!
