"Visions Prelude (Opus 21 Chopin)"

Visit "[Visions Prelude \(Opus 21 Chopin\)](#)" on MotoLyrics.com

Cold wind, sad moonrise

Dark clouds in the sky

Storm ends the mourning time

Howling in the night

Vision of the land

After the horrid end

We build again from the start

Holy lenient heart

A treasure of the land

Torments have brought the end

We build again from the start

Holy lenient heart

Visions come from the sea

Oceans bring to me

I reach the sand with a kiss

Treasures bristling from a bliss
