In my last years with him there were bruises  
On my face  
In my dawn and new day  
I finally got away  
But my head's all messed up and he knows  
Just what to say  
No more dawn and new days  
I'm goin back to stay  
Why say bye bye  
When it only makes me cry  
I still  
Light up like a candle burnin when he call me up  
I still  
Melt down like a candle burnin everytime we touch  
Oh say what you will  
He does me wrong and I should be gone  
I still  
Be lovin you baby and it's much too much

We are goin down  
Cuz you're always getting high  
And your crumb and lovin  
No longer get me by  
Wow! It get better everytime that we get high  
Then your crumbs of lovin  
They somehow get me by  
Why say bye bye  
When it only makes me cry  
I still  
Light up like a candle burnin when he call me up  
I still  
Melt down like a candle burnin everytime we touch  
Oh say what you will  
He does me wrong and I should be gone  
I still  
Be lovin you baby and it's much too much

Can't I go my severed way?  
Some rain for my sunny day  
Not even one reason to say  
Why?

I should've left you  
Why?  
I can't forgetcha baby  
Why?  
Ever since I mathca it's  
Why?
