All I ever wanted was some love and peace and  
harmony  
I could dance in the raw in the sun underneath the stars  
When I walk over to my money tree ain't nobody there  
Trying to take from me  
When they ask Are you truly free? I'd say Yes, truly  
But down here in really everybody knows there ain't  
No such thing  
And It's clear  
It's obviously this is not the place I'm supposed to be  
On and on and on I've searched  
What I'm looking for is not here on earth  
I can't stand I can't take no more  
So I know that I gotta go  
So long everybody  
Mama don't be sad for me  
Life was a heartache and now I am finally free  
Don't know where I'm headed  
Hope I see you someday soon  
So long everybody  
I have gone beyond the moon

All I ever wanted was some love and peace and  
harmony  
Just to be live and shine  
When I get ready I up and fly  
And I can't remember none of the things that I want  
To forget  
It's the best - satisfaction no less  
Ask if I'm free and I'll say Oh yes  
But down here in really everybody knows there ain't  
No such thing  
And It's clear  
It's obviously this is not the place I'm supposed to be  
On and on and on I've searched  
What I'm looking for is not here on earth  
I can't stand I can't take no more  
So I know that I gotta go  
So long everybody  
Mama don't be sad for me  
Life was a heartache and now I am finally free

Don't know where I'm headed  
Hope I see you someday soon  
So long everybody
