

Great Deceiver

All these hollow shells
Filled with nothing but revenge
There's no room for the weak
As the hammer descends
There's no tortured cries
Only deafening silence again
So distorted and thin
Where will it end?
Where will it end?

Deliver us from evil
Our lives are drained
And filled with fascist pride
You're losing it all
Withdrawal - pain is hard

As one with the demon
The blood is on your hands
The flesh that never rests
Ripped to shreds
How it's your cross to bear
As the beast is born within
Straight into the end
As the hammer descends
As the hammer descends

There's no room for the weak
As the hammer of the gods descends
As the hammer of the gods descends

Deliver us from evil
Our lives are drained
And filled with fascist pride
You're losing it all
Withdrawal - is hard
Deliver us from hatred
Our lives are drained
And filled with fascist pride
You're losing it all
Withdrawal - pain is hard
