People try to bring me down  
And thats ok  
Rack my brain until i found another way  
Im gonna get up stand up do what i can  
turn on the radio  
Im gonna fly im gonna drive im gonna lay down and  
die  
Woah!!

(Chorus)  
Took me sometime to realize  
Its my philosophy.... defying gravity  
Open your mind to recognize  
Your really goin to be... defying gravity  
(x2)

Woah!

Girls like you could be trouble a tragedy  
But today i figured out the remedy  
Now get up stand up do what i can  
Turn on the radio  
Im gonna fly im gonna drive im gonna lay down and  
die  
Woah!!

(Chorus)  
Took me sometime to realize  
Its my philosophy.... defying gravity  
Open your mind to recognize  
Your really goin to be... defying gravity  
(x2)

Im not lost without you  
and though i care about you  
Ill be better off this way  
Im might even crash and burn at first  
But it wont be for the worst  
Ill be better off this way

Im gonna get up stand up listen to my.... transistor

radio  
Im gonna fly im gonna drive im gonna lay down and  
die  
Woah!!

(Chorus)  
Took me sometime to realize  
Its my philosophy.... defying gravity  
Open your mind to recognize  
Your really goin to be... defying gravity  
(x2)
