

Freddy Jones Band, The

"Night To Day"

Visit "[Night To Day](#)" on [MotoLyrics.com](#)

Cows are standing in the fields today

The sun it shines there'll be no rain

A mile or more were on our way

Traffic slows to a crawl

Running out of jokes to tell

Windows fog as wheels they roll

Aces wild as daylight fell

Eye lids faded long ago

Some say a silly road we take

Full of bumps we travel on

This widespread love is no mistake

Ideas we've chosen can't be wrong

We drive from night to day

We drive from day to night
