Sometimes it rains all around us
Sometimes it seems like no one's really there
Sometimes the clock seems to stop for hours
Sometimes it seems like no one really cares

I'm just an ordinary man who dreams
I've got my heart out in my hand believing
I've got extraordinary plans I'm weaving
A little love, and we'll all stop bleeding

You and I must make a pact, we must bring salvation
back
Where there is love, I'll be there

Sometimes we guess when we know the answer
Sometimes we're scared when we should not be afraid
Sometimes we run when the race is over
Sometimes we work when our hearts just wanna play

Let's make extraordinary love forever
Let's break the rules and play it cool together
You're on a mission but there's stormy weather
You've got a vision but the world says never

You and I must make a pact, we must bring salvation
back
Where there is love, I'll be there
I'll reach out my hand to you, I'll have faith in all you do
Whenever you need me, I'll be there

For once I feel like my heart's exploding,
Love's reloading, fear's eroding
It's hard to speak, even hard to listen
This condition's my ignition
Flying high through my soul's desire, I'm on fire, I'm on
fire
Forget about being slow and steady
Now I'm ready, I am ready

There's only one thing in our lives worth fighting for...
(A little love, a little love,)

You and I must make a pact, We must bring salvation
back
Where there is love, I'll be there
I'll reach out my hand to you, I'll have faith in all you do
Whenever you need me, I'll be there (x2)
