I've been over this inside my mind  
Is it to soon to give it a try  
I might not make my move 'cause I'm slow, but I know  
'Cause I read it between the lines, that you're giving me  
signs

Your beauty's known throughout this crowd  
With boys trying to reach up to your cloud  
You've got me under your spell in control, so be kind to  
my soul  
Damn my heart beats way to loud, and what are you  
feeling?

I don't know how you got inside my walls  
Lets take it slow we barely know each other at all  
But tonight you've been giving me signs

You still have things to figure out  
Like old love that gives you doubt  
What does it take for this to last?; just be done with the  
past  
I don't want to know what he's about, I can't shake this  
feeling

I don't know how you got inside my walls  
Lets take it slow we barely know each other at all  
But tonight you've been giving me signs

I'm covered in scars. Always smoke but  
No cigars, i still choke on  
Every word but you make me shine, so I'm  
Giving in I'll be just fine, if you just keep giving me  
signs

I don't know how you got inside my walls  
But I let it go cause it's time for them to fall  
Just tell me more, cause you're growing in my chest  
Lets go explore, putting curious minds to rest

Just keep giving me signs...
