Fredrik Berlin
"Speakin' In Code"

Oh, So I've tried to interpret what you said to me
You told me the past was good cause' it lead up to this
But what the hell is this?

I'm feeling more than I expected
But I'm not really sure whether or not you feel the same
Am I supposed to know? You're always speakin' in code
Come on let your feelings show

But was that a hint or a moment of misunderstanding
When you hugged me goodbye?
Well I'm sorry that you had to walk alone,
I wanted to follow you home

I'm feeling more than I expected
But I'm not really sure whether or not you feel the same
Am I supposed to know? You're always speakin' in code

Oh come on just teach me your secret linguistics
So that I can pronounce it right you'll know tonight
I'm falling, I'm falling

I'm feeling more than I expected
But I'm not really sure whether or not you feel the same
Am I supposed to know? You're always speakin' in code
In code

I'm feeling more (I'm feeling more)
Than I expected (I expected)
But I'm not really sure whether or not you feel the same
Am I supposed to know? You're always speakin' in code
Come on let your feelings show

Let 'em show
Let 'em show
Baby please just let 'em show
Baby please just let 'em show
Let them show
