[Chorus:]

There will be tears
I've no doubt, there may be smiles but a few
And when the tears have run out, we'll be numb and
blue

I can't be there with you but I can dream [x6]

I still dream [x2]

[Verse:]

Oh no, I stubbed my toe
Crack comes the pain like a bullet
But at least it goes
Not like us
Happiness came and went; we had a little tear and now
the tears are spent
We were trying to move forward love, but it's tricky
through a brick wall love
What the fuck, are we doing love? How the hell do we
move forward love?
Had you had a little drink?
Did you have a little think?
Did you have a little walk down the beach and have a
think?
Ignorance was so much bliss thanks.
It was bliss but then came the kiss.
My boy drove me all the way home, he said
"Son, it's a situation.
Whatever you do,
There will be tears."

[Chorus: x2]

There will be tears
I've no doubt, there may be smiles but a few
And when the tears have run out, we'll be numb and
blue

I can't be there with you but I can dream [x6]

I still dream [x2]
