Let's Make Noise

Let's make noise in the bathroom

Make everyone wonder what's going on

Let's make noise in the bathroom

Come on pretty baby now you won't regret

Get ready, on you mark, get set

Let's go down the hall and get real wet

I'll show you a time that you won't forget

The only thing that's wasted here is our time

These greeks aren't friends of yours, and they're no  
friends of mine

So let's take off all our clothes, and leave them all  
behind

Let's make noise in the bathroom

Make everyone wonder what's going on

Let's make noise in the bathroom

The time is right for making romance

'Cause the rest of these fools don't stand a chance

They won't even start to take down their pants

Come on with me and do the naked dance

The only thing that's wasted here is our time

Everybody's passed out for drinking strawberry wine

They Should have never bothered with our kind

Let's make noise in the bathroom

Make everyone wonder what's going on

Let's make noise in the bathroom
