Hind:

Somebody mentioned your name  
Somehow it got started  
I met you that same night  
Baby just a struck of love

Jim:

Something in your eyes  
Only I could see  
They told me you were special  
That you were meant for me

Hind & Jim:

And from that moment  
I have loved you, endlessly  
Baby can't you see?  
That we are

Allemaal:

The story of success,  
nothing more nothing less.  
We belong in a different world, different world  
That's how I love you

The story of success  
You and I who would ever guess  
We belong in a different world, different world  
That's how I love you  
That's how I love you

Jamai:

Somebody mentioned your name  
And everything changed  
You left me breathless  
Brought me home again

Dewi:

You took my heart to dance  
Played my favorite song  
Turned my life in to music,  
Yeah, it goes on and on

Allemaal:  
The story of success,  
nothing more nothing less.  
We belong in a different world, different world  
That's how I love you

The story of success  
You and I who would ever guess  
We belong in a different world, different world  
That's how I love you

Jim:  
Can you feel it, can you feel it

Meisjes:  
I do believe our love belongs

Jim:  
Our love belongs

Hind:  
In the hall of fame  
And from that moment  
I have loved you, endlessly

Jim:  
Baby can't you see

Jim & Hind:  
We are

Allemaal:  
The story of success,  
nothing more nothing less.  
We belong in a different world, different world  
That's how I love you

The story of success  
You and I who would ever guess  
We belong in a different world, different world  
That's how I love you

The story of success,  
nothing more nothing less.  
We belong in a different world, different world  
That's how I love you

The story of success  
You and I who would ever guess  
We belong in a different world, different world

That's how I love you  
That's how I love you  
That's how I love you
