Hey, hey, hey
Hey, hey, hey, woah
Hey, hey, hey
Hey, hey, hey, woah

Hey, hey, hey
Hey, hey, hey, woah
Hey, hey, hey
Hey, hey, hey, woah

Let's analyze the state of things
And count the ways, you bring me down
Brand new people leave us feelin' better
So happy now we're not together

I heard you're back in town
Hope I don't see you around
Wearin' the loser crown

And when I think of things we used to say
I laugh out loud, funny times from yesterday
People say you were great, it's too bad it had to end
that way
But they don't know what you're all about

Your legacy won't fade away
Just like a rotten smell, that's stale and sour
Your open window let some air in
And it's bound to get better by the hour

I heard you're back in town
Hope I don't see you around
Wearin' the loser crown

And when I think of things we used to say
I laugh out loud, funny times from yesterday
People say you were great, it's too bad it had to end
that way
But they don't know what you're all about

Hey, hey, hey
Hey, hey, hey, woah

Hey, hey, hey
Hey, hey, hey, woah

Hey, hey, hey
Hey, hey, hey, woah
Hey, hey, hey
Hey, hey, hey, woah

I heard you're back in town
Hope I don't see you around
Wearin' the loser crown

And when I think of things we used to say
I laugh out loud, funny times from yesterday
People say you were great, it's too bad it had to end
that way
But they don't know what you're all about

When I say it's all okay
You just turn around and walk away
'Cause you know it deep inside
That you never meant a thing
As I lift my head up to sing, just walk away
